GT Radial GT01

New Spec. of GT01 315/80R22.5 22PR:
Ideal for Heavy Duty Mixed Service, Especially Waste Hauling

GITI Tire is proud to announce the introduction of a new specification of the **GT Radial GT01 (315/80R22.5 22PR)**, which features a load carrying capacity of **10,200 pounds** -- ideal for heavy duty mixed service, especially **waste hauling**.

"With a very competitive pricing, 22PR, and a load carrying capacity of 10,200 pounds for the steer axle (single position) and 9,090 for duals, the new version of the GT01 will be a real winner for our customers in a niche where only a few major competitors dominate," says William Estupinan, Vice President of Technical Service for GITI Tire in the Americas.

According to Estupinan, "The GT01 has an outstanding history of durability in the toughest working services, a retreadable casing and long wear life. With this new specification, we will be able to reach a new breed of end users who will benefit from the extra capacity of the tires. Dealers who switch their customers to this new specification will be very pleased."

The new product will be available in U.S. distribution centers by September 2012 .

Proper Tire Storage Recommendations

Ambient temperature, humidity, sunlight, ozone producing equipment . . . these and other factors **must** be considered when storing your tires.

The proper storage and handling practices for your tires will reduce premature aging and ensure the best possible appearance and performance of your stored tires.

Dave Myers (right) with GITI Tire Eastern Division Sales Director Kevin Burkly

Employee Q&A: Dave Myers is a Large Curd Man!

We've had some pretty exotic dishes from faraway lands listed in recent Q&A's, but leave it to Dave Myers, Midwest Regional Sales Manager for GITI Tire, to keep it down-to-earth -- he just loves large curd cottage cheese!

He also grew up dreaming of becoming a district sales manager. Really

Dave? Here are more intriguing facts about Dave:

Where were you born?

Taylorville, Illinois

What is your favorite movie?

Dumb and Dumber

Who is your favorite author?

Michael Lewis

Do you have any kids?

one daughter (25), one son (18)

Favorite sports team?

St. Louis Cardinals, St. Louis Blues

If you could have dinner with a famous person (living or deceased) who would it be?

Jesus

What is a Smart Move that you have made?

Convincing Charlene to marry me.

What is your hobby?

Dirt bike riding

What is a fact about you that no one at work knows?

I ran (and completed) the San Francisco Marathon along with another GITI employee.

Check out this [new video](#) on GT Radial consumer tires which provides a brief overview of the brand and our primary consumer tire lines.

Drifter Tyler Wolfson has achieved 5 podium finishes in 6 events since switching to GT Radial Champiro HPY tires.
